

Student Name _____

WEEK 2 PLANNING SHEET RESEARCHING INFORMATION

Use reliable websites only, for example, those designed for students.

Examples of websites that are not reliable are About.com, Ask.com. and Wikipedia

This is an in class, practise exercise to ensure that you can identify and extract relevant information from secondary sources. More detailed research should be completed at home in order to successfully meet the marking criteria.

Summarise your information using dotpoints.

Source 1
Website address-
Author (if given)-
Date accessed-
Time accessed-
How do you know this is a reliable website?

Source 2
Website address-
Author (if given)-
Date accessed-
Time accessed-
How do you know this is a reliable website?

Synthesising the information.

Combine the information that you have gathered into one piece of writing.

Tips to avoid plagiarism:

- Use other words that have the same meaning
- Read your information several times, cover it, then write down what you remember
- Use appropriate scientific terms
- Check spelling and grammar
